NexantECA
The Energy and Chemicals Advisory company

NexantECA'S subscription program, **Biorenewable Insight (BI)**, provides in-depth evaluationsand reliable data on the technology, cost competitiveness and business developments of biorenewable chemicals and fuels. BI was created in response to the increasing activity, entrances, and exits of players, emergence, and commercialization of new technologies, feedstocks, product types, as well as growing interest from companies in the oil, chemical, financial and other sectors.
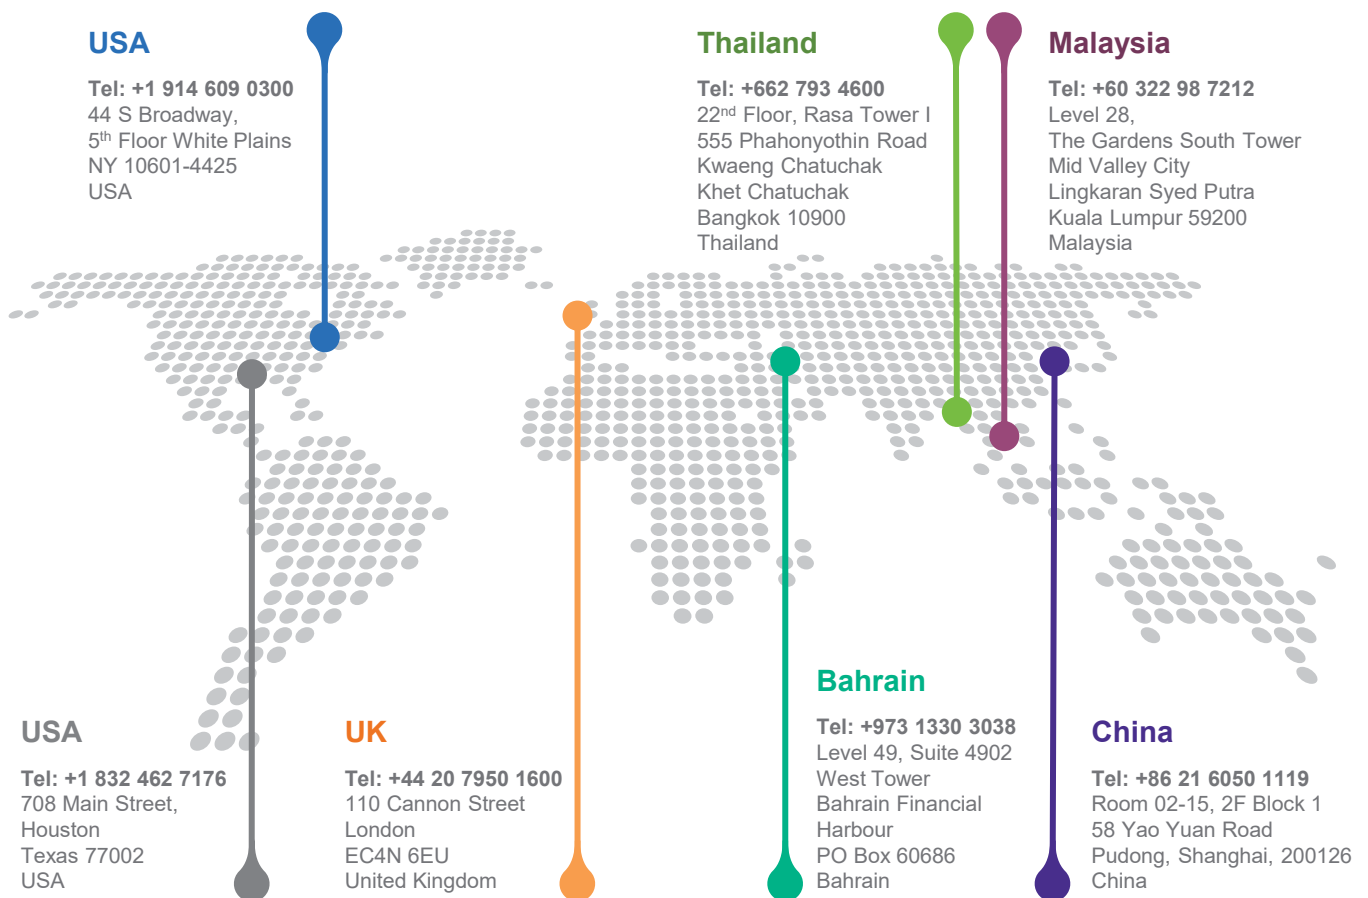

An annual subscription to the 2024 BI program includes 10 reports covering the topics listed below.
